

CITY OF GROESBECK

OUTDOOR BURNING PERMIT

Date: _____

Permit fee: \$30.00

Name: _____

Permit #: _____

Address of Burn: _____

Phone(s): _____

Description of activity

The above named person has permission to burn the inspected burn pile inside the City Limits.

Permit Issue Date: _____

Expiration Date: _____

- No additional debris or items may be added to the burn pile after initial inspection is completed. No additional pile may be added or burned without inspection.
- Responsible party must be present on site while pile is burning. Equipment may be required to be on site depending on size of burn pile (i.e., water hose, shovel, heavy equipment). Any additional requirement will be noted on this permit.
- **When weather conditions are met per TCEQ regulations and burning will begin, the responsible party is required to contact the Groesbeck Police Department at 254-729-3497. After normal business hours or on weekends and holidays, please contact the Limestone County Communications Department at 254-729-3278.**

Inspections Completed and approved by:

Keith Tilley, Building Inspector

Code Enforcement Official

By signing below I acknowledge that I have read and understand the TCEQ regulations provided to me and any additional requirements deemed necessary by the inspectors.

The authority to conduct outdoor burning under this regulation does not exempt or excuse any person responsible from the consequences, damages, or injuries resulting from the burning and does not exempt or excuse anyone from complying with all other applicable laws or ordinances, regulations, and orders from governmental entities having jurisdiction, even though the burning is otherwise conducted in compliance with this the TCEQ regulation §111.221.

Outdoor Burn Rules for City of Groesbeck

- When weather conditions are met per TCEQ regulations and burning will begin, the responsible party is required to contact the Groesbeck Police Department at 254-729-3497. After normal business hours or on weekends and holidays, please contact the Limestone County Communications Department at 254-729-3278.

GENERAL REQUIREMENTS FOR ALLOWABLE OUTDOOR BURNING
Adopted by Texas Commission on Environmental Quality
Title 30 Texas Administrative Code #111.219

Outdoor burning which is otherwise authorized shall also be subject to the following requirements:

- (1) Burning shall be commenced and conducted only when wind direction and other meteorological conditions are such that smoke and other pollutants will not cause adverse effects to any public road, landing strip, navigable water, or off-site structure containing sensitive receptor(s).
- (2) If at any time the burning causes or may tend to cause smoke to blow onto or across a road or highway, it is the responsibility of the person initiating the burn to post flag-persons on affected roads.
- (3) Burning must be conducted downwind of or at least 300 feet (90 meters) from any structure containing sensitive receptors located on adjacent properties unless prior written approval is obtained from the adjacent occupant with possessory control.
- (4) Burning shall be conducted in compliance with the following meteorological and timing considerations:
 - (a) The initiation of burning shall commence no earlier than one hour after sunrise. Burning shall be completed on the same day not later than one hour before sunset, and shall be attended by a responsible party at all times during the active burn phase when fire is progressing. In cases where residual fires and/or smoldering objects continue to emit smoke after this time, such areas shall be extinguished if the smoke from these areas has the potential to create a nuisance or traffic hazard condition. In no case shall the extent of the burn area be allowed to increase after this time.
 - (b) Burning shall not be commenced when surface wind speed is predicted to be less than six miles per hour (mph) (five knots) or greater than 23 mph (20 knots) during the burn period.
 - (c) Burning shall not be conducted during periods of actual or predicted persistent low level atmospheric temperature inversions.
- (5) Electrical insulation, treated lumber, plastics, non-wood construction/demolition materials, heavy oils, asphaltic materials, potentially explosive materials, chemical wastes, and items containing natural or synthetic rubber **must not be burned.**

ENFORCEMENT

[THE RULES ABOVE WERE ADOPTED BY TCEQ UNDER THE TEXAS CLEAN AIR ACT, CHAPTER 382 OF THE HEALTH AND SAFETY CODE. A VIOLATION OF THESE RULES IS STATED TO BE AN OFFENSE UNDER SEC. 7.177 OF THE WATER CODE, WITH THE RANGE OF PUNISHMENT SET OUT IN SECTION 7.187 OF THE WATER CODE.]

[CITE as a violation of Section 7.177, Water Code]

A person commits an offense if the person intentionally or knowingly, with respect to the person's conduct, violates the General Requirements for Allowable Outdoor burning or any other rule promulgated by the Texas Commission on Environmental Quality regarding outdoor burning. An offense is punishable for an individual by a fine of not less than \$1,000 or more than \$50,000, confinement in the county jail for a period not to exceed 180 days, or both. An offense is punishable for a person other than an individual by fine of not less than \$1,000 or more than \$100,000. A person may be responsible for the criminal conduct of another under the provisions of Section 7.02, Texas Penal code, as for example where he/she solicits, encourages, directs, aids or attempts to aid the other person to commit the offense.

I acknowledge receipt of these burn permit rules & regulations:
